

Focus on the Message with a Voyager Lite™

Height:	2170mm
Width:	850mm
Footprint:	850mm x 300mm
Weight:	3.0 kgs
Graphic size:	2150mm x 850mm
Package Size:	900mm x 140mm

With only four components (including the graphic panel) this is a simple and robust solution. The graphic panel goes right to the floor so that the hardware is completely hidden.

The graphic is easily changed without having to be returned to us. Many of our clients have multiple graphics for one set of hardware so that the information can be tailored to the specific event.
